

# ELEVENEVEN

## 2022 ROSÉ OF SYRAH

VIVIO VINEYARD · BENNETT VALLEY · SONOMA COUNTY

### Tasting Notes

The perfect apéritif to start the evening, this 2022 Rosé of Syrah is bright and charismatic. Coming from our newest vineyard source, Vivio Vineyard in Bennett Valley, this wine is a true representation of the cooler climate in which the Syrah fruit is grown. The pale salmon hue hints at the lighter characteristics experienced on the nose and palate. It offers fragrant aromas of fresh strawberries, watermelon rind, and hints of floral notes. The palate has refreshing acidity and a crisp texture, with flavors of white peach, citrus, and subtle herbal notes. The wine concludes with a clean and dry finish leaving you wanting more.

### Vineyard Notes

This vineyard is perched high above the valley, commanding gorgeous views in any direction. At just above 800 ft, this is one of the highest vineyards in Bennett Valley within Sonoma County. This southeasterly sloping vineyard is planted on volcanic soil. The ocean fog in the Russian River moves easterly and gets trapped in the Bennett Valley bowl. The cool evenings and mornings and hot sunny days promote a long ripening season providing fruit with intensity and beautiful complexity.

Aging: 100% Neutral French Oak
